#### 8. Discussion and Hearings:

8:00pm Hearing for 18 Water Street (Brian Callahan Company)

Presenters: Carl Toumayan, Brian Callahan and Steve McKenna

Also present were members of the general public: Elaine Mulcahy, Gleisser Allen, Bob Botterio, Steve Makowka, Maggie Kramer, and Stephen Urguhurt, and Mona Mandell.

Proposal: There has been no definite plan made for the property at 18 Water Street, but possibilities include demolition and then having 2 lots for 2- two family houses. To keep the structure we would need a variance or special permit. Mr. Callahan is sensitive to the house, neighborhood and community.

General Public remarks:

- When concrete plans have been made would like to hold a neighborhood meeting.
- Very big concern- Don't want to see destruction of the neighborhood.
- Would like to deem it preferentially preserved.
- Would like a broader notification to public.
- Historical information shared- 1912-1960 a single family house; changed to a 3- section house due to war and economic changes, was not rented to others until 1960. The barn on the property housed horses that cut ice on Spy Pond. It is a landmark.
- Neighbors against the house being demolished. Other houses have been demolished and have become parking lots.
- Feel strongly about keeping house in character and brought back to original state. Would be wonderful to restore.
- Question about why this house is not part of the Water St./Russell St. District.

Motion made by JoAnn Robinson that this house be preferentially preserved. No construction before June 2009. Mr. Guthrie seconded the motion. All in favor.

Hearing closed at 8:25pm

Informal Hearing at 8:25pm for 25 Claremont Avenue

Presenters: Mr. McCormack and Elizabeth Knoppers.

Proposal: To raise bay window to be a 2-story bay.

Comments from Commissioners: Can integrate roofline into window. Can square off bay on 2<sup>nd</sup> level with options of small gable roof or lattice roof. Recommend hooks with Queen Ann style that show different types of geometry. Nice change that is not disruptive to this style house.

Informal Hearing closed at 8:34pm.

Formal Hearing for 40 Lake Street.

Presenters: Julie Rosenberg, owner; Stephen Urguhurt and Niels Burger.

Proposal:

- Change shingles to clapboard,
- Change two 2<sup>nd</sup> floor windows to 2 over 1 same style, but new

12 clapboards presently have notches, want to have plain clapboards with no notches

Remove shutters

Commissioners reaction:

- House over 100 years old
- Recommend preserving that which exists that is original. This house is in its original state with original exterior fabric. The shingles can't be replicated with clapboard.
- Has a symmetrical façade
- Why modernize this property?

Motion made by Mr. Guthrie: This house is an important example of a house with a clear distinction between the upper and lower floors. Declare this house to be preferentially preserved because new plans are not sympathetic to the original. Pamela Meister seconded the motion. All in favor.

New proposal from owners:

- Replace clapboards with clapboards and shingle with shingle.
- Remove shutters.
- Replace windows as shown on tear sheet.

Mr. Guthrie made a motion to approve the new proposal as stated above. Ms. Meister seconded the motion. All in favor. Mr. Stange recused.  
Patrick Guthrie will be the monitor.  
Hearing closed at 9:02pm.

Formal Hearing at 9:02pm for 3 Brantwood Road.

Presenters:

Proposal:

- Remove garage.
- Replace all windows.
- Replace porch with pergola.
- Add 2-car garage with living space above, set back and attached to house.
- Balcony removal.
- Main entrance on 22 Kensington changed to 3 Brantwood Road.
- Windows to be double insulated, all light patterns to match, remove all aluminum triple track

Commissioners remarks:

JoAnn Robinson less opposed to addition than changes to original house. Would like original details retained. Changes are affecting the integrity of the house. Opposes new window configurations. Consider retaining more original windows.

Neighbors reactions:

Rob Meier- Neighbor on Kensington Park

Feels that addition would make this house so much larger and gives a monolithic feeling to the building. Does not approve of addition.

Charles Kalaskas- 29 Kensington Park

Questions about jurisdiction. There is a retaining wall behind the garage that is not visible. The AHC has no jurisdiction. The contractors will prepare landscape plan to present to neighbors. This was also discussed at the Zoning Hearing.

Motion: Ms. Robinson moved to accept proposal for materials for windows and to accept plans for addition as presented and demolition of garage with the following exceptions. Changes to windows on Kensington side will have windows installed on 2<sup>nd</sup> floor that match existing and the 1<sup>st</sup> floor window detail to include diamond panes to be retained. Window and door placement to be retained. Stairs removed and field stonewall extended. Window replacement on first floor to match. Under pergola, windows in same place. Submit final drawings for approval.

Pamela Meister seconded the motion. 1 opposed. 6 in favor. Motion carries.

Project Monitor- JoAnn Robinson

Hearing closed at 10:00pm.

Informal Hearing at 10:08pm for 11 Peirce Street.

Presenter: David Levy of Arlington Housing Corporation

The Arlington Housing Corporation is buying property to make 10 units for affordable housing. Want to make energy efficient and changes to windows are a big part of this.
